

The Safety Indicator

Volume 3, Issue 4

Winter 2006

A new year is coming – how will you welcome it?

Will you treat it as a challenge? Hoping to improve on the old, change the bad, and learn from others? Or... are you just plugging away as always? Come join us as we attempt to change the world. All right – maybe just New York State. Come to our February 14th meeting to hear Larry Gilroy give us a legislative update concerning workers compensation reform and how best to make our voices heard in Albany.

Many thanks to DiVal Safety

Dival hosted our November 1st meeting in Syracuse. They provided the meeting room, lunch, vendors, and other training that made the day enjoyable.

Meeting
February
14th

Consortium Goal: To Share information and ideas that will result in safer work environments.

Facilitation Team

- Bruce Kapfer: 338-2373
- Dave Lyman: 335-6635
- Scott Millbower: 624-3197
- Scott Wierzbicki: 800-343-1354

If you are interested in being a team member, please call one of us.

Notes from the November 1, 2005 Consortium Meeting:

David Austin, the Business Advocate from the NYS Workers Compensation Board, and John Stamos, a Senior WC Law Judge from Syracuse, gave a presentation and answered numerous questions. They walked us through the workers compensation system, the way the system works, and some of the nuances of the law. Several members spoke up with questions and others voiced their frustrations. Most everyone walked away understanding a little more about what and how the judicial side thinks.

Mark your calendars!

Save the date: February 14, 2006
